

## **ATTENDANCE POLICY**

### **TO ALL WORK INJURY PATIENTS**

It is very important for your recovery that you attend all your scheduled therapy treatments.

We are required to notify your physician and your claims manager if you miss more than one appointment without giving us 24 hours notice, or if you cancel frequently.

Your Workers Comp benefits (i.e. time-loss payments, claim status, etc.) may be adversely affected. Labor & Industries can close your claim if they decide that you have not complied with therapy as ordered.

So, please ensure that you can attend ALL of your scheduled appointments. If you have to cancel an appointment, please be prepared to reschedule when you call.

Thank you,
